

Issue of a Birth Certificate

About the Service

This service enables customers to request the issue of an official certificate for a newborn to prove the child's lineage, place and date of birth, nationality and religion. The parents must submit their original documents.

Service Process

- When applying through the website: Send SMS with the notification number and the location of the service provider. Sign in to e-services, enter username and password, and log into the e-system. Submit the application via the e-system and pay the fees online. Receiving the certificate by delivery to the person concerned or a representative or by visit a public health center in the same emirate for verification and matching of original documents.
- When applying through the Mabrouk Ma Yak Package: Submit application in the e-system. Pay the certificate issuance fee and the application will be sent to the Federal Authority for Identity and Citizenship.
- When applying through public health center or hospital: Submit the application through the e-system and pay the fee. Once the documents and original copies are verified, the birth certificate will be issued. Receipt of the certificate by the person concerned or a representative.

Required Documents

- Required Documents from Citizens: Copy and original of the parents' marriage certificate for the first national child (where marriage took place outside the UAE, marriage certificate must be attested by the UAE embassy abroad and the UAE Ministry of Foreign Affairs). Copies and originals of father's and mother's passports and IDs. Copy and original of the family book (if the mother is of another nationality, her passport with the residency page is required). In case of birth abroad, in addition to the above, the following documents are required:
- Required Documents from Expatriate residents: Birth notification. Marriage document or document or declaration from the parents attributing the newborn to them certified by the embassy of the country to which they belong or by a notary public. Identity cards or passports of the mother and father, if any.
- For out-of-hospital births, in addition to the above documents, the following are required: A letter from the court stating that delivery took place at home, including the place and date of birth and parents' names.
- In cases where the child is born inside the UAE with the father not resident in the country, the following documents are required: Certified marriage contract. Declaration from the wife confirming continuity of the marriage. Certified copy of the husband's passport, or a letter from the embassy stating the father's nationality, or a declaration from the husband attested by his country's embassy establishing his parental relationship with the child. If the above documents are not available, the matter will be referred to the Newborn Committee.

Conditions & Requirements

1. Visit the Public Health Center with the required papers according to the emirate in which the birth took place, to receive the birth certificate, and in the event of using (Mabrouk Ma Yak Package), the birth certificate will be sent to the Federal Authority for Identity and Citizenship without the need for the customer to come, and in the absence of the father, A power of attorney from the father must be presented, or a birth certificate signed by the father must be issued.
2. In cases of births to a mother inside the country and the husband is outside the country, the following additional
