

Issue of Permit to Import Chemical Precursors

About the Service

This service enables industrial and commercial companies to obtain approval to import precursor chemicals from abroad.

Service Process

- Login to the MoHAP website or smart app using the UAE PASS
- The customer should submit the application for the import via the e-services and pay the application fees
- The application will be reviewed and verified to make sure that all the required documents have been submitted
- If the application is complete, it will be transferred to the Federal Directorate of Drug Control at the Ministry of Interior for security clearance 'If needed'
- If the security clearance is approved, the application will be transferred to the customer to proceed with payments
- Once the customer completes the application and makes the payment, the permission of import for chemical precursors will be issued and will be valid for two months
- If the security clearance is rejected/ denied, the customer will be notified, and the file will be retained in the system

Required Documents

- Completed e-form.
- Valid Commercial / Industrial License.
- Registration Certificate from MOHAP for the trading of precursor chemicals or importing as an end-user.
- Air or sea shipping invoice.
- Delivery order from shipping company.
- Purchase invoice issued by country of origin.
- Packing list must include net weight and gross weight.
- Original Customs Declaration.

Conditions & Requirements
