

# Issue of Permit to Export Precursors Chemicals

## About the Service

This service enables industrial and commercial companies to obtain approval to export precursor chemicals abroad.

## Service Process

- Login to the MoHAP website or smart app using the UAE PASS
- The applicant must submit a request and pay the fees through his account
- The evaluation and review of documents will take approximately 3 to 5 working days. If the documents meet the MOHAP criteria, the request is sent to the Ministry of Interior Affairs, depending on the kind of substances to be exported
- The applicants can track their request through their electronic account. The time to obtain security clearance from the Ministry of Interior Affairs will be unspecified since it depends on the kind of substances to be exported
- Once the security clearance is issued by the Ministry of Interior Affairs, the Ministry of Health & Prevention will process the request in 3 working days
- The applicant can pay the fees for the export permission - AED 500
- Once payment is made, the applicant can print the export permission through his account

## Required Documents

- Valid Commercial/Industrial license for trading of precursor chemicals as per practice.
- Purchase order from the importer.
- Purchase invoice issued from country of origin.
- Packing list, including net weight and gross weight.
- MOHAP Registration Certificate for trading of precursor chemicals.

## Conditions & Requirements

1. MOHAP Registration Certificate and Trade License must be valid.
2. Valid Permit and detailed information regarding the material required by the authorized and accredited person must be provided.
3. Ministry of Interior's prior approval for chemical precursors must be obtained.
4. Permit must be valid for at least two months from the date of issuance.
