

Issue a Certificate of Compliance with good Manufacturing Practice Standards

About the Service

This service enables customers to request the issuance of a Certificate of Compliance with Good Manufacturing Practice Standards, subject to the stipulated requirements and control criteria for pharmaceutical industries, including buildings, environment, methods of documentation, work procedures and after-services, in order to ensure production and quality control.

Service Process

- Apply for the certificate and pay the application fees
- Following inspection, the report will be reviewed, documents will be checked and the application will be either approved or can rejected if there are missing documents
- If approved, the certificate will be issued to the applicant

Required Documents

- A written request for an inspection of the manufacturing site should be addressed to the Drug Department.

Conditions & Requirements

1. The GCC and WHO standards must be adhered to.
2. The final report, including approval of the certificate, will be issued by the Head of the Drug Department.
3. Should the report contain any comments, another inspection will be arranged.

Service completion duration

- 3 - 5 working days
