

# Issue of Permit to Import Medicines for Exhibitions

## About the Service

This service enables customers to apply for a permit to import innovative medical products from abroad for the purpose of displaying them at health exhibitions, forums and conferences, and re-export it again. Import of such products is permitted for a limited period and the products are not allowed to be traded in the UAE "Import for Re-export".

## Service Process

- Login to the MoHAP website or smart app using the UAE PASS
- Submit the application online with the required documents
- The employee concerned at the Ministry of Health and Prevention will evaluate the application
- The permit will be automatically issued by the system and the customer can download the file

## Required Documents

- A letter from the exhibition management containing the name of the company participating in the exhibition.
- An undertaking from the importer to re-export the products after the exhibition and not to sell them.
- Invoice for products from the factory (manufacturer) or authorized distributor (a relationship letter from the manufacturer is required).
- Information or catalog of products to be imported.
- Quality certificates from the product manufacturer (EC & ISO or FDA Certificate).
- The commercial license of the intermediary company / importer.
- Air Way Bill or Bill Of Lading (shipment must be refrigerated if shipped by sea).

## Conditions & Requirements

1. The Purchase invoice should include country of origin, batch/ serial number and dates of production and expiry (The validity date must be more than two-thirds of the product validity period).
2. The product(s) are only to be displayed in the mentioned event and a clear statement regarding their status as unregistered non-priced should be displayed at the event.
3. The advertisement for the medical products for exhibition at local media is not allowed.
4. It's prohibited to sell, use or distribute those products.
