### Service Fees

Application fee: AED 100

Fees for importing precursor chemicals: 1% of the invoice value and a minimum of AED 200 for each permit

### Sustainable Development Goals

### Notes

The permission to import is conditional on the approval of the Ministry of Interior.

The import permission is valid for two months.

### Service Process

- 01 To apply for e-services, create an account on MOHAP website or smart app with a username and password.
- 02 The customer should submit the application for the import via the e-services and pay the application fees.
- 03 The application will be reviewed and verified to make sure that all the required documents have been submitted.
- 04 If the application is complete, it will be transferred to the Federal Directorate of Drug Control at the Ministry of Interior for security clearance 'If needed'.
- 05 If the security clearance is approved, the application will be transferred to the customer to proceed with payments.
- 06 Once the customer completes the application and makes the payment, the permission of import for chemical precursors will be issued and will be valid for two months.
- 07 If the security clearance is rejected/ denied, the customer will be notified, and the file will be retained in the system.

### Required Documents

- Completed e-form
- Valid Commercial / Industrial License
- Registration Certificate from MOHAP for the trading of precursor chemicals or importing as an end-user
- Air or sea shipping invoice
- Delivery order from shipping company
- Purchase invoice issued by country of origin
- Packing list must include net weight and gross weight
- Original Customs Declaration

### Requirements & Conditions

- MOHAP Registration Certificate and Trade License must be valid.
- The permit and detailed information about the material required by the authorized and accredited officer must be provided.
- Ministry of Interior's prior approval for chemical precursors must be obtained.
